Rodin's romantic statue, "The Kiss", immortalized in Carrara Marble.

CARRARA MARBLE tops every table creation by Victorian Furniture Corporation. Imported CARRARA MARBLE complements these delicately carved tables of enduring Honduras mahogany to make them the finest available.

Carrara, the town, is the capital of Massa e Carrara Province, Tuscany, Italy. In the surrounding hills there are more than 1,000 quarries that employ 50,000 workers to bring out this rare and beautiful marble.

Napoleon founded the Academy of Sculpture in Carrara and had the buildings created in the same fine marble that you find on every "Victorian" table. There is a 13th Century Church, a Gothic Cathedral, a 14th Century Castle and a Museum of Antiquities among other structures in Carrara that have been built of CARRARA MARBLE.

Elongated crystals that form an interlocking formation with deep markings make CARRARA MARBLE one of the most beautiful in the world. "Victorian" tables topped with CARRARA MARBLE, are truly heirloom originals, made only by Victorian Furniture Corporation.
